(SCA) related clause(s). SCA Wage Determinations (WDs) for all USPS routes are provided to CARRIER at: Wage Determination . As CARRIER,you are responsible for reviewing these WDs for each route in order to consider these requirements in pricing rates and for compliance with the SCA. Rates are all-inclusive for transportation services provided, except where noted. All accessorial charges must be pre-approved by BROKER and set forth in a Rate Confirmation to be valid. Receipts for accessorial charges which are not submitted to BROKER within forty-eight (48) hours of delivery or termination of shipment, as applicable, will be subject to denial at the sole discretion of BROKER. Approved detention will be paid in 30-minute increments, at a rate of up to $50.00 per hour, and not to exceed a total of five (5) hours unless otherwise stipulated in a rate confirmation. Time stamps from the facility on the signed bill of lading are required for review and approval. In addition, upon BROKER approval, BROKER may provide layover pay up to $250.00. Commencement of service constitutes CARRIER's acceptance of tender and of the terms outlined in this Rate Confirmation. By accepting this load tender, CARRIER is solely responsible for ensuring that it can safely transport the load within the requested time frame while complying with all DOT requirements. CARRIER hereby commits that it shall, as soon as safely practicable, advise BROKER of any transit delays and/or service failures which may occur in the performance of the specific requirements contained herein. A rate reduction of up to 50% of the load tender value not to exceed $1,000.00 may be applied if CARRIER fails to timely communicate transit delays and/or service failures. If CARRIER utilizes a Trailer, as defined in the Agreement (including, but not limited to, Trailer made available by BROKER, any customer of BROKER, or any of their affiliates), CARRIER agrees to only use the Trailer for transportation requested by BROKER in this Rate Confirmation and in accordance with Section 12 (Use of Broker's Trailers by Carrier) of the Agreement. CARRIER is required to complete and submit both a Pickup Inspection and a Delivery Inspection. The Pickup Inspection must be submitted before departing from the origin location, and the Delivery Inspection must be submitted before departing from the destination location. Failure to submit both inspections will result in a $250 deduction from the total move payment. All inspections must be completed and submitted exclusively through BROKER's LOOP Application and any damage must be immediately reported to BROKER via written communication as designated by BROKER. Any other form of documentation will not be accepted as valid proof of inspection and any damage not reported before departing a pickup or delivery facility will be deemed the responsibility of CARRIER. CARRIER agrees to return the Trailer to the pickup origin or other previously arranged drop location within an agreed upon time, limited to no more than ten (10) days. If the Trailer is not returned as arranged, BROKER will charge, and CARRIER will pay a USD $150 / day fee for the use of the Trailer.
